HAIDER VADGAMWALA

AI & ML STUDENT | PYTHON | MACHINE LEARNING | BACKEND & CLOUD

SUMMARY

BCA AI & ML student with hands-on experience in Python, machine learning, backend development, and web application development. Built practical projects involving ML models, OCR, APIs, databases, and full-stack applications. Currently expanding knowledge in AWS and cloud computing, with an interest in Data Science, Machine Learning, and MLOps.

SKILLS

- Machine Learning
- Data Analysis
- Backend Development
- REST API Development
- Database Management
- Web Application Development
- Version Control
- Cloud Computing - Learning

TECHNOLOGIES

Programming:
Python, JavaScript, SQL

Data & ML:
NumPy, Pandas, Scikit-learn, Matplotlib

Frontend & Backend:
React.js, HTML, CSS, Tailwind CSS, Node.js, Express.js

Databases, Cloud & Tools:
MongoDB, PostgreSQL, Firebase, AWS-Learning, Git, GitHub, Docker, Vercel, Render

EDUCATION

Bachelor of Computer Application
Christ Academy For Advacnced Studies
2025-2028

- Currently pursuing BCA in Artificial Intelligence & Machine Learning with coursework in Python, Machine Learning, NLP, Data Science and programming.

12th
Christ Academy Junior College
2023-2025

- Completed PCM and Computer Science with an aggregate of 93%.

PROJECTS

- College Campus Simulation — ML-Based Traffic & Congestion Prediction
- PaperPilot — OCR PDF Processing System
- Repair Before Replace — Decision Support System
- Spam Email Detection
- CAIAS Notes - Notes sharing platform
- HV Cloths - Ecommerce Website demo

CERTIFICATIONS AND LICENSES

- Frontend Development - Meta (Coursera)
- Data Science - Aligarh Muslim University
- AI & ML - TechByHeart (Ongoing)
- Backend Development - IBM (Coursera)

EXPERIENCE

- Built and deployed multiple full-stack web applications using React, Node.js, databases and cloud platforms.
- Developed machine learning projects involving text classification and image classification.
